

USAO BRAND PHOTO TREATMENTS

Halftones

USING THE HALFTONE PROCESSOR

01. Download and open the file
"USAO_Halftone_Processor.psd"
02. Open the "PASTE YOUR IMAGE HERE" folder
in the layers panel. Drag or paste your image in
that folder.
03. Open the "EDIT COLORS" folder and change
your colors to your desired selection.
04. Save and export your file as usual.

NOTE: You cannot export this file with a transparent
background. You will need to crop excess background
space or remove the background in a separate step if
needed.
